

**HOMESERVICES OF AMERICA[®] IS THE COUNTRY'S LARGEST
REAL ESTATE COMPANY**

Fully integrated homeownership services drives success

Birmingham, AL. (March 30, 2020) – HomeServices of America executives Ron Peltier and Gino Blefari today recognized and congratulated the employees, agents, and sales managers across HomeServices' family of businesses for again being recognized as the country's largest real estate company based on the REAL TRENDS 500 transaction report released last week. In 2019, the company closed 329,680 residential transactions and facilitated approximately 219,000 mortgage, insurance, title, and escrow transactions.

“This achievement affirms the hard work of our incredible team and while we are celebrating this moment, we recognize the challenges of these turbulent times,” said Blefari, CEO of HomeServices. “HomeServices is better positioned to manage through this volatility than any other real estate firm. And we are committed to supporting our agents as they safely and skillfully guide buyers and sellers through today's home-transaction process.”

“HomeServices offers the full suite of brokerage, mortgage, title, and insurance services,” added Peltier, executive chairman of HomeServices. “That, together with our financial strength, stability, and unparalleled leadership team will continue to make HomeServices an industry leader into 2020 and beyond.”

“A safe and secure home has never been more important,” concluded Blefari. “HomeServices' family of companies is uniquely positioned to making home ownership not just a dream, but a possibility even during these extraordinary times.”

Headquartered in Minneapolis, HomeServices has approximately 43,000 real estate professionals operating in 900 offices across 30 states and the District of Columbia.
